To take action:

1. Press **A** button to select an action, and then press **B** button to confirm. You will be given three choices every time you take an action. You must choose one! Press **A** button to select your preferred option and press **B** button to confirm.
2. After you have taken an action, your boyfriend's facial expression will tell you whether it was a good or bad choice. Press **B** button to get back to the main game screen.

To check the game levels

Press **A** button to select the game meter, and press **B** button to view the current happiness Romance, Sex and Relationship levels. Pressing **B** button once again shows the length of the relationship and the number of sex points gained.

When your boyfriend's happiness level goes down low, a beep sounds every minute to alert you that he needs your attention. The relevant warning indicator will also be highlighted on the main game screen.

How to score!

Your boyfriend will only have sex with you if he is really happy. So you have to make him happy by taking him out, praising him and giving him gifts. But remember, he won`t like everything and you may just make him more sad.

Impress your friends and colleagues with the number of sex points you have collected and the length of your current relationship.

To turn sound on/off:

Press **A** and **B** buttons at the same time, SOUND ON or OFF displays. Press **A** button to select On or OFF, and then press **B** button to confirm.

To pause the game:

Hold and press **C** button for 3 seconds to pause the game. Hold and press **C** button for 3 seconds again to unlock the pause.

Note: This pause function will only work at the time between 8a.m. to 10p.m.

Restarting a new relationship: GAME OVER

After your friend's happiness goes down to zero, he will dump you and terminate the relationship with you. **"I HATE YOU!"** displays on the main games screen. To start a new game, hold and press **A** button, then press **C** button to start a new game with a new boyfriend.

Important Note:

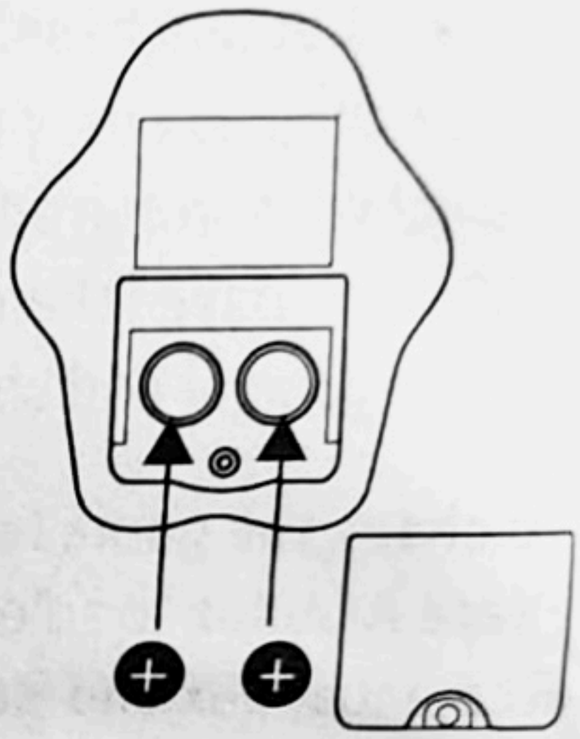
The game automatically sleeps at night from 10p.m. to 8a.m.. To wake up your boyfriend during this period you can press any key. Please make sure that the correct time has been entered into the device.

Changing Battery

Your game requires two LR44 or AG13 button cell batteries

Follow these steps to install the batteries.

1. Use a Phillips screwdriver to loosen the screws in the battery compartments on the back of unit, remove the battery cover.
2. Insert two LR44 or AG13 button cell batteries, observing proper +/- polarities as indicated on the battery compartment. Do not mix new and used batteries.
3. Replace the cover and secure with the screw.



Resetting the game

If the game stops operating improperly or it does not operate properly, you might need to reset it. To reset the game, use a pointed object such as straightened paper clip to press the RESET hole on the back of the game. The current game is erased.

Note: If the game continues to operate improperly, or sound becomes weak or distorted, the display dims, replace the batteries.

Battery precaution

1. Use only fresh batteries of the required size and recommended type.
2. Do not mix old and new batteries, different types of batteries (standard, alkaline, or rechargeable), or rechargeable batteries of different capacities.
3. Never leave dead or weak batteries in the unit.
4. If the unit does not respond to your commands, replace the batteries.
5. If you do not plan to use the unit for several weeks, remove the batteries. Batteries can leak chemicals that can destroy electronic parts.
6. Dispose of batteries promptly and properly. Do not burn or bury them.
7. Non-rechargeable batteries are not to be recharged. Rechargeable batteries are to be removed from the unit before being charged.
8. Rechargeable batteries are only to be charged under adult supervision.
9. The supply terminals are not to be short-circuited.
